

Marin Promise Partnership

Landscape of Partnership Networks

(June 2023)

Below is a map of all the currently operating Partner Networks that are supported by Partnership Backbone staff resources.

Over 100 Partners - youth and family leaders, community organizations, funders, and public institutions - have come together as an integrated, Cradle-to-Career network to advance educational equity across Marin. Partners are public champions for educational equity, each other, and the collective work of the Partnership. Partners have made a public commitment to racial equity and engage with each other as a Partnership by sharing data, contributing resources to the sustainability of the Partnership, and participating in the work of one or more collaborative action groups: Governance Teams, Initiatives, strategy focused Action Teams, and emerging Community Schools Leadership Tables.

Currently (2023) the Partnership consists of 2 Governance Teams, 5 Initiatives, and 20 other Partner networks*.

Each Partnership Network is supported by 3 Backbone functions:

- **Skilled Project, Process, and Team Facilitation** - meeting administration and facilitation, access to Partnership Center meeting rooms, capacity and skill building, and stewardship of continuous improvement through a rigorous Results-based Accountability Process.
- **Shared Data Tools and Services** - collection and analysis of shared data, systems architecture, outcomes reporting, and brokering of shared data agreements.
- **Collaborative Team Communications** - google group team messaging, Partnership-wide and Initiative newsletters, PR/media outreach, and grant writing support.

To learn more about Partners, the Partnership, and Backbone support services please [watch this short video](#), visit the [Partnership's website](#), or click [HERE](#) to explore the interactive version of the Partnership Landscape Map.

Interested in becoming a Partner? Click [HERE](#) to learn more about what's involved.

**Note: There are many more important coalitions and collaborative efforts underway throughout the county that Partners are engaged in. The ones shown on the Partnership Landscape Map are only those that are supported by the Partnership's Backbone resources.*
